NEW TOMATO

FOR THE COLD NORTHWEST

All-America Award of Merit 1938

Tomato—Extra Early Harkness

Harkness—This wonderful new Extra Early tomato has received the All American Reward of Merit, also received the Western Market Gardeners of Canada Award of Merit as the most promising variety for the cold Northwest. It is decidedly early. It has also proven itself a non-cracking type. It is medium in size, very smooth, firm, meaty and slightly flattened. It is without doubt the most wonderful short season tomato. Pkt., 25c; 2 pkts., 40c. Postpaid
